## PROJECTS

### YOUR TRIP

Dec 2024 - Jan 2025

Developed a static website about trips using HTML, CSS, and basic JavaScript. Designed a responsive layout showcasing destinations, travel packages, and activities. Focused on creating a visually appealing and user-friendly interface to enhance user engagement and provide an optimal browsing experience across various devices.

### FIEASTAINDIANA

May - 2024

Developed a vibrant online platform showcasing the captivating beauty and rich cultural heritage of India's diverse landscapes. The platform offers an engaging user experience by highlighting destinations, traditions, and attractions through interactive features. Utilized JavaScript, React.js, and Firebase for dynamic content, seamless functionality, and efficient database management, ensuring a responsive and visually appealing design.

## INTERNSHIP

### NITROWAVE TECHNOLOGIES

July 2024 (3 weeks)

During my internship, I designed and developed a responsive, frontend static web page to build a strong foundation in web development. Leveraging HTML, CSS, and JavaScript, I created a visually appealing and user-friendly interface. This experience helped me understand the core principles of frontend development, responsive design, and the importance of clean, structured code in delivering high-quality web solutions.
